Brillant HD Invisible Sound System  
**LoftSonic**<sup>®</sup>

LoftSonic PHASELINE flatpanel loudspeakers transform walls, ceilings and furniture into soundbodies that become completely invisible.

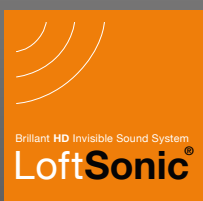

- ☞ Hightech membrane for sound without compromises
- ☞ Carbon-Rail Technology for exact phase correct sound reproduction
- ☞ High performance exciters for highest dynamic and precision
- ☞ Perfectly trimmed system amplifiers for a highest resolution
- ☞ Factory-integration into the original construction material ensures perfect results
- ☞ Patented edge construction for seamless joint plastering without losing any sound quality

## Brillant HD Invisible Sound System

The wide radiation of the LoftSonic PHASELINE loudspeakers creates a balanced 3D sound field on every position and a lot of joy during listening.
